Used Trailer Sales Procedure:

All trailer sales must follow the Trailer Sales Procedure, as outlined below. **Failure to comply with this procedure will result in the delay or refusal of sale by MVM.**

1. The seller must provide the office with a completed MVM Trailer Sales Form **prior to advertising the trailer for sale. The Trailer Sales Form must include whether the trailer site is being included in the potential sale, upon management approval, or if the owners are removing the trailer as part of the planned sale.**
2. **Prior to management approval for a sales transfer including assumption of site, a thorough inspection of the trailer and premises must be completed by Management AND all outstanding fees for the site, hydro, property taxes etc must be paid in full. The site inspection will only be arranged after the account balance is at zero.**
3. A Contract of Representation between Maitland Valley Marina and the trailer owner must be signed, **prior to any advertising of the trailer for sale.**
4. Once all outstanding fees have been paid and inspection completed, the seller will provide a written description and photos of the trailer, to be posted to the MVM website.
5. **MVM Management reserves the right to determine suitability of potential tenants and holds final right of refusal. If the approval of the potential tenant is not obtained, the owner may either sell with the condition of removal off the property or choose to sell to another approved buyer. The management of MVM is not obligated to approve an already signed deal. A reasonable approval period must be included in the seller's planning.**
6. **Potential buyers must pay appropriate fees, including their hydro deposit of \$200 and sign the agreement of tenancy, prior to the completion of sale.**
7. A copy of the signed sales agreement, including all contract clauses, must be provided to the office. The sales price may be redacted from the copy given to the office. A sample Bill of Sale template is available from the office.
8. **The current owner must pay in full a transfer fee of \$1,000+HST, upon the sale of the trailer. This fee is non-negotiable and failure to comply with this rule will result in the cancellation of any transfer. The transfer fee is waived only when the trailer being sold is physically removed by the buyer from MVM property.**
9. **Annual site fees are payable in full on or before April 1 of any season. Thus, for all sales during the period of April 1 to October 31, the current owner seeking to sell the trailer is responsible for full payment of the site fees. Any prepayments of site fees are transferred to the buyer and it is the responsibility of the seller to include any expected repayment of such prepayments in the sales agreement with their buyer.**
10. **Monthly site fees are due on the first of each month, the owner is responsible for payment of the full monthly rent if sold mid-month. The buyer is responsible to MVM for the payment of monthly rent commencing the first day of the first full month of possession.**
11. **Any substantial upgrades to and cleanup of existing lots will result in additional maintenance fees being charged, at our current labour rate. Should the cleanup be required prior to the completion of the sale as a condition of sale per the finalized sales agreement supplied to the office, the seller will be required to pay the cost prior to the completion of sale. After the sale is completed, any further substantial upgrades to or cleanup of the lot not arranged for and paid in advance by the seller, must be paid by the buyer, in the amount of our current labour rate.**
12. **The seller will receive a refund by cheque for any remaining balance on their hydro deposit as well after the return of any security access gate cards and/or washroom keys returned in good, reusable condition.**
